The current listing fee is \$12 per trial (i.e. per dog, per day).

Event Registration Number: All dogs that are foreign born and foreign owned require an event registration number (ERN) to enable them to be awarded titles by the CKC. Application forms may be obtained from the Field Trial Secretary.

Non-Member Participation Fee:

- a) An annual non-member participation fee for awards and titles will be charged to a Canadian non-member of CKC. The fee will match the ERN fee.
- b) In order to protect the awards/titles earned, the non-member will have a choice either to become a CKC member or to pay the non-member participation fee. Failure to comply within 30 days of notification will cause all awards and titles to be cancelled.
- c) The Premium List must carry a note stating that "these fees apply only to dogs wholly owned by non-CKC members and are not applicable to CKC members".

Summary of Requirements to pass a leg of a hunt test.

In order to pass any test level a dog must show a desire to hunt in an interesting and enthusiastic manner and demonstrate an ability to retrieve.

They should show no fear of ground and type of cover, responding well to whistle, verbal and hand commands and maintain a reasonable working distance from their handler.

Junior level

(3 legs under 2 different sets of judges is required to obtain title of JH)

In addition to the above the Junior hunting spaniel must show boldness in all types of cover encountered, a definite quartering pattern and an intense desire to hunt within gun range.

Steadiness to wing and shot is not required, however the dog must not chase uncontrollably. At the water the dog must be line steady and wait to be sent at the judges direction.

All birds must be delivered to hand.

1. Find flush and retrieve 2 birds on land.
2. Retrieve 1 bird from the water swimming a distance of 25-50 metres in a crosswind.

Senior level

(3 legs under 2 different sets of judges is required to obtain title of SH)

A Senior hunting Spaniel must clearly show all attributes of a Junior hunting Spaniel. At this level the dog must show a very polished quartering pattern that covers the ground in an intense and independent fashion.

All birds must be delivered to hand.

The dog must be steady to wing and shot and be line ready. The dog must flush without encouragement. At the water the dog must be line steady and wait to be sent at the judge's direction.

1. Find and flush 3 birds, retrieving a minimum of 2 birds on land,
2. Retrieve 1 bird from the water swimming a distance of 50-75 metres in a downwind or crosswind.
3. Complete a blind land retrieve a distance of 50 to 75 metres in a downwind or crosswind.
4. Complete a blind water retrieve a distance 30 to 50 metres in a downwind or crosswind.

Master level

(3 legs under 2 different sets of judges is required to obtain title of MH)

A Master Hunting Spaniel must clearly show all attributes of a Senior hunting Spaniel. At this level the dog must be capable of hunting adjacent to another dog and honouring its brace mate when required to do so.

All birds must be delivered to hand.

The dog must show intelligent use of the wind, show the ability to track, be prepared to handle all types of cover and terrain and be under complete control at all times. Interfering with its brace mate and hunting out of control are faults worthy of disqualification.

A minimum of 5 decoys are anchored separately on the water in proximity of the line to be followed by the water retrieve. A double retrieve has the dog hupped approximately 10 meters from the water's edge. A shot is fired and the first bird is thrown in cover on land 50 to 75 metres. Another shot is fired and the second bird is thrown into the water 35 to 50 metres.

At the judges direction the dog is sent. The handler shall decide which retrieve is to be completed first.

Both birds must be delivered to hand.

1. Find and flush 3 birds, retrieving a minimum of 2 birds on land. All shot birds must be retrieved.
2. Retrieve 1 bird from the water swimming a distance of 50-75 metres in a downwind or crosswind.
3. Complete a blind land retrieve a distance of 75 to 100 metres in a downwind
4. Complete a blind water retrieve a distance 35 to 50 metres in a downwind.
5. Complete a double retrieve.
